This resume is a websafe edition, if you want access to my full resume please email me.

My Name is Lachlan Sape. I am a year twelve student living in Brisbane, Australia. I am looking for employment in both my local area and remotely. I am a high achieving student with strong morals, an excellent attitude and a hard worker. I have a strong ability to work in a team and in a learning environment as well as independently. I am described by many as reliable, trustworthy, logical and an efficient thinker. I can master anything I am tasked with quickly and without much help or supervision.

Experience

Student ICT Mentoring Program

Teaching other students how to use ICT devices, including servers and other technologies. Also included fixing problems with devices for other students.

Work Experience - ABL IT

A mixture of working on issues to do with computers for clients, searching for potential clients, and programming in Javascript for clients.

Achievements

2017 – Top 50 GPA (Year 9)

2019 – Subject Award for Digital Solutions (Year 11)

2020 – GPA of 4.5

Skills

- Logical and Efficient Thinker
- Quick learner and can learn most things without outside help
- Intermediate knowledge in C, C++, Python, C#, and website scripting languages
- Advanced knowledge of most computer systems (Windows and GNU/Linux)
- Basic knowledge of the Japanese Language

Availability

School Days (Monday - Friday): 16:00 to 22:00

Weekends (Preferably Saturdays): 08:00 to 19:00
